October 1971 Ama-Chewer

Here we go again on another unexpected issue of Ama-chewer. Please excuse the use of surplus covers but it saves money, you know. We expect to have an editor soon and then perhaps things will get back in the groove.

PROGRAMS

September 10 First meeting after Vacation.

Everybody is requested to bring any slides or movies taken during your vacation.

We will have projectors on hand.

September 24 Bob Osterhous will demonstrate a new instrument, developed by his company, for checking the time of the weld cycle in Spot Welding operations. It has a digital readout and promises to have an interesting future

October 8 Bizz meeting followed with a talk on a piece of real DX gear - The Telescope and its history.

October 22 The Manufacture of Specialized Electronic Apparatus by Dick Chance - Owner of Indiana Standards Lab.

November 12 IRC Annual Award Dinner. More news later. Be thinking about your nominee.

November 26 The Gory Details About Building and Putting a TriBand Quad Fifty Feet In The Air, with Slides to prove it. by Ben Gaither WA9YCA.

THE PRESIDENT'S FREQUENCY

Fall is here again - time to re-activate IRC. First meeting is Friday, September 10, 8:00 PM at the United Christian Missionary Society, 222 South Downey Avenue. Let's get the season off to a good start by attending personally and each bringing at least one fellow ham as a guest. I'm sure each of us can think of one face we haven't seen or call we haven't heard lately, so think of him, call him, and bring him along... Also, please bring program suggestions so we can all enjoy an interesting series of meetings for the rest of the year.

Craig Hiendel W9ISU
President

For Sale

3 El. Yagi beam with 33 ft. Vesto tower. Storm proof, built like a battleship. Tapered roller thrust bearing. Fabricated aluminum boom. Collecting rings with brushes. Selsyns and prop pitch motor. Complete with instructions \$250. Pictured March 1959 CQ Magazine

W9WE 881-2215

The Clubs Registry

Details are being worked out for the rules and regulations involved in getting the Clubs rig to take home for two weeks at a time. A form will be prepared outlining your responsibility while you have it. It is available only to Club members in good standing of six months or more.

FOR SALE - Hallicrafters Model SX101 Amateur Bands Receiver (also tunes CB), and RME Model DB23 PreSelector. Both for \$99.00. W9EIV, 357 2207.

Fourth Annual IRC Award Dinner

About the only thing we know at the moment that is that the date for this years Award Dinner is November 12, '71. The place, rules and procedure will probably be the same as last year. A separate letter will be mailed with the details. The past Award winners were:

1968	Jerry Lucas	W9BS
1969	Alvey Pittman	W9EL
1970	Bob Caskey	W9DNQ
1971	?????	?????

Start thinking now about who (whom?) you would like to see win this Trophy.
